

Communication and Consultation Policy

COMMITMENT

The Company, TS Global Pty Ltd is committed to providing an effective process for consultation and communication to ensure all stakeholders contribute to activities relevant to their roles.

OBJECTIVES

TS Global shall implement and maintain processes for regular consultation and methods of communication. This will include:

- business performance, relevant to workers and other stakeholders and when appropriate, the community
- making decisions about the adequacy of facilities for the welfare of workers
- the process for issue resolution of any concerns, complaints and relevant external communications relating to business activity. These shall be recorded in a register, acknowledged, investigated as incidents and outcomes reported to relevant personnel
- proposing changes that may affect the health and safety of workers
- identifying hazards and associated risks relating to WHS or the environment
- making decisions about ways to eliminate or minimise those risks
- encouragement of workers to participate and gain ownership of the procedures and polices developed
- making decisions about procedures for consulting with workers; resolving health or safety concerns in the workplace; monitoring health of our workers; monitoring conditions at the workplace under our management or control and providing information and training for your workers

MONITORING

TS Global will maintain a suite of procedures as part of our QHSE management system, outlining how and when this policy is applied. This policy will be reviewed every two (2) years.
