

Environment & Community Management Policy

OUR COMMITMENT

TS Global Pty Ltd is committed to preserving the long-term health, function, and viability of the natural environment. We recognise our responsibility to ensure our activities are performed in an environmentally responsible manner and strive to minimise the impacts to the environment and the communities in which we operate.

OUR OBJECTIVES

- Identify, implement and promote environmentally responsible business practices.
- Have effective processes that identify, assess and control the environmental risks and potential impacts of our activities on the environment.
- Promote the efficient use of energy, reduction of waste and recycling of materials in our activities.
- Provide information and training to ensure our employees and contractors understand their environmental responsibilities and minimise impacts through their activities.
- Work with the client, community, and other stakeholders to develop a transparent relationship, including the impact of our manufacturing processes and our products on the environment.

MONITORING

TS Global will maintain a suite of procedures as part of our management system, outlining how and when this policy is applied. This policy will be reviewed every two (2) years.
